

# 2022 Online Conference on Abuse

Oct 20-21, 2022

## CEU Training

### Sexting

### The Intersection Between Social Media & Sexual Violence

2 CEUs

**Olivia Rivers** joined The Bridge Over Troubled Waters, Inc in 2011 as a victim advocate. The Board named her the CEO and she resumed her new role on January 1, 2021. She completed her Bachelor's of Science in Criminal Justice and Forensic Anthropology from the University of Central Missouri and a M.S. in Criminology with an emphasis on Human Trafficking and Victimology. Olivia serves on Public Policy Committee for the Texas Council on Family Violence and as the Board President for the Texas Association Against Sexual Assault. Olivia believes in being a voice for survivors who have not yet found theirs, and a microphone to those who have. Her hope is that advocates use their collective power to curate an ecosystem that challenges thought, transforms lives, gives space to healing and builds global resiliency.

#### About “Sexting: The Intersection Between Social Media & Sexual Violence”

Social media is a powerful tool for teens and young adults to access knowledge at their fingertips. However, social media can also be used by predators to groom and perpetuate violence against young people. This online workshop will identify the correlation between social media and sexual violence, identify strategies that support advocacy work aimed at preventing victimization, and provide resources that will support professional and personal prevention efforts.
